

On the right track?

Everything looks the same, so it is certainly possible that you have been traveling around in circles for hours.

Here is the answer to the question you were asked:

“ESE” track: 5 differences

“ENE” track: 11 differences

“WNW” track: 11 differences

“NNE” track: 8 differences

“SSE” track: 9 differences

If you found the correct answer, take 2 **003** cards. If you did not, discard 3 cards randomly taken from the Action Deck.

[Return this.](#)
